## SWISS MADE COMPONENTS FOR WATCH MOVEMENTS

Complete Kit A.SCHILD®\*-5008

## Native Base A.SCHILD®\*-5001:

| 105        | Barrel bridge                                      |  |  |
|------------|--|--|--|
| 118        | Combined bridge                                    |  |  |
| 121/4      | Balance cock for stud holder, shock-protecting and |  |  |
|            | regulating devices, flat hairspring                |  |  |
| 125        | Pallet cock  |  |  |
| 126        | Center wheel cock                                  |  |  |
| 195        | Barrel arbor                                       |  |  |
| 206        | Center wheel                                       |  |  |
| 210        | Third wheel  |  |  |
| 227        | Sweep second wheel                                 |  |  |
| 245        | Cannon pinion with clam notch                      |  |  |
| 255        | Hour wheel   |  |  |
| 260        | Minute wheel                                       |  |  |
| 305/5      | Two piece regulator for adjustable stud holder and |  |  |
| 303/3      | regulating device, flat hairspring                 |  |  |
| 358        | Adjustable for regulator                           |  |  |
| 375        | Adjustable for regulator  Adjustable stud holder   |  |  |
| 401        | Winding stem                                       |  |  |
| 407        | Clutch wheel                                       |  |  |
| 410        | Winding pinion                                     |  |  |
| 410        | Ratchet wheel                                      |  |  |
|            |  |  |  |
| 420<br>422 | Crown wheel  |  |  |
|            | Crown wheel ring                                   |  |  |
| 434        | Click spring                                       |  |  |
| 435        | Yoke   |  |  |
| 440        | Yoke spring  |  |  |
| 443        | Setting lever                                      |  |  |
| 445        | Setting lever spring                               |  |  |
| 450        | Setting wheel                                      |  |  |
| 453        | Intermediate setting wheel                         |  |  |
| 705        | Escape wheel and pinion                            |  |  |
| 710        | Jewelled pallet fork and staff                     |  |  |
| 714        | Pallet staff                                       |  |  |
| 721        | Balance with flat hairspring, regulated            |  |  |
| 728        | Balance staff for shock-protecting device          |  |  |
| 730        | Roller   |  |  |
| 770        | Mainspring   |  |  |
| 2535       | Date indicator guard                               |  |  |
| 2542       | Date setting wheel                                 |  |  |
| 2556       | Date indicator driving wheel                       |  |  |
| 2557/1     | Date indicator, transferred                        |  |  |
| 2569       | Double corrector                                   |  |  |
| 2570       | Lever for double corrector                         |  |  |
| 2576       | Date jumper, mounted                               |  |  |
| 2632/1     | Unlocking yoke for date indicator, mounted         |  |  |
| 2633       | Unlocking yoke spring for date indicator           |  |  |
| 7151       | Unlocking wheel holder                             |  |  |
| 7154       | Bridge for alarm device                            |  |  |

#### Mechanical movement with Swiss pallet fork alarm device, self-winding mechanism for movement and alarm device, center sweep second, with instantaneous date showing through aperture in dial, date corrector, fine timing, stop second, 28 800 alternances/h, casing diameter 30,00 mm Components specific to the date and day indicators

| 7155   | Lower bridge for alarm device        |  |  |
|--------|--------------------------------------|--|--|
| 7165   | Alarm setting device                 |  |  |
| 7196   | Alarm barrel arbor                   |  |  |
|        |                                      |  |  |
| 7288   | Unlocking wheel                      |  |  |
| 7290   | Alarm wheel                          |  |  |
| 7294   | Alarm setting connection wheel       |  |  |
| 7401   | Alarm winding stem                   |  |  |
| 7407   | Alarm clutch wheel                   |  |  |
| 7410   | Alarm winding pinion                 |  |  |
| 7418   | Alarm ratchet wheel                  |  |  |
| 7420   | Alarm crown wheel                    |  |  |
| 7422   | Alarm crown wheel ring               |  |  |
| 7434   | Alarm clicking spring                |  |  |
| 7435   | Alarm yoke                           |  |  |
| 7443   | Alarm setting lever                  |  |  |
| 7444   | Alarm setting lever spring           |  |  |
| 7449   | Alarm ring                           |  |  |
| 7459   | Disconnector                         |  |  |
| 7496   | Alarm bolt                           |  |  |
| 7498   | Alarm hammer                         |  |  |
| 7771   | Alarm mainspring                     |  |  |
| 9433/1 | Stop lever, mounted                  |  |  |
| 5102   | Case screw                           |  |  |
| 5105   | Barrel bridge screw                  |  |  |
| 5118   | Combined bridge screw                |  |  |
| 5121   | Balance cock screw                   |  |  |
| 5125   | Pallet cock screw                    |  |  |
| 5126   | Center wheel cock screw              |  |  |
| 5415   | Ratchet wheel screw                  |  |  |
| 5420   | Crown wheel screw                    |  |  |
| 5445   | Screw for setting lever spring       |  |  |
| 5738   | Hairspring stud screw                |  |  |
| 5750   | Dial screw                           |  |  |
| 52535  | Screw for date indicator guard       |  |  |
| 52555  | Screw for calendar driving wheel     |  |  |
| 52570  | Screw for lever for double corrector |  |  |
| 52633  | Unlocking yoke spring screw          |  |  |
| 57100  | Screw for alarm-module               |  |  |
| 57151  | Screw for unlocking wheel holder     |  |  |
| 57154  | Bridge screw for alarm device        |  |  |
| 57165  | Screw for alarm setting device       |  |  |
| 57418  | Screw for alarm ratchet wheel        |  |  |
| 57420  | Screw for alarm crown wheel          |  |  |
| 57444  | Screw for alarm setting lever spring |  |  |
| 57459  | Disconnector screw                   |  |  |

## Special A.SCHILD®\*-5007:

| 182    | Barrel and cover                  |  |
|--------|-----------------------------------|--|
| 771    | Mainspring with brake spring      |  |
| 1141   | Lower bridge for automatic device |  |
| 1142   | Bridge for automatic device       |  |
| 1143/1 | Oscillating weight, mounted       |  |
| 1428   | Stop click                        |  |
| 1448   | Stop click spring                 |  |
| 1478   | Oscillating weight pinion         |  |
| 1482   | Driving gear for ratchet wheel    |  |
| 1488   | Driving gear for ratchet wheel    |  |

| 1491  | Oscillating weight bolt                 |  |
|-------|---|--|
| 1535  | Reversing wheel                         |  |
| 1575  | Driving gear for alarm ratchet wheel    |  |
| 1588  | Pawl winding wheel for alarm            |  |
| 7182  | Alarm barrel and cover                  |  |
| 7772  | Alarm mainspring with brake spring      |  |
| 51141 | Lower bridge screw for automatic device |  |
| 51142 | 1142 Bridge screw for automatic device  |  |
| 51491 | Srew for oscillating weight bolt        |  |
|       |   |  |

# Special A.SCHILD®\*-5008:

| 100    | Mainplate              | 2567 | Day corrector, mounted |
|--------|------------------------|------|------------------------|
| 2555   | Calendar driving wheel | 2577 | Day jumper             |
| 2561/2 | Day star with disk     |      |                        |
